Space Mission Distribution (2013-2023)

- Deep Space Probes — 17.9%
- Lunar Research — 10.7%
- Human Spaceflight — 7.1%
- Technological Demonstration — 14.3%
- Astronomical Observation — 21.4%
- Planetary Exploration — 28.6%

AstroVentures Missions 2013-2023

Estimated Budget Allocation by Mission Type

- Deep Space Probes — $220M
- Lunar Research — $180M
- Human Spaceflight — $100M
- Technological Demonstration — $150M
- Astronomical Observation — $250M
- Planetary Exploration — $300M
